Technical Skills

Programming: Python (Basics), Java

(Basics), C++ (Basics)

Database: SQL (learning)

Tools & Platforms: Arduino IDE,

Easy EDA, TinkerCAD and VS Code,

Learning: Data Structures &

Algorithms (Java), , SQL (learning)

AI Tools: ChatGPT, Copilot

Languages Known

- English
- Tamil
- Hindi
- French

Education

SRM Institute Of Science & Technology, Ramapuram

B Tech Electronics & Communication Engineering

CGPA : 9.12 / 10 (first three semesters)

Executive Summary

Detail-oriented ECE student with a strong interest in the intersection of software and hardware. Proven ability to build functional prototypes using Arduino and microcontrollers to solve real-world problems. Award-winning presenter with a background in biomedical engineering presentation. Seeking to learn, enhance skills in Hardware and software technologies & to apply my problem-solving skills and technical foundation.

Projects

- Smart Stick for Visually Impaired Individuals
 - Designed and programmed an assistive device using an Arduino and ultrasonic sensors to detect obstacles.
 - Integrated haptic or auditory feedback to improve user safety and navigation.
- Interactive smart piano
 - Developed a musical instrument using integration of hardware electronic components.
 - Programmed the logic to map the hardware inputs to specific melodic frequencies.

Certifications & Achievements

- Completed a comprehensive C++ certification course through Cybernaut Tech Trio, gaining a foundational understanding of object-oriented programming and logic.
- Earned a professional certification in Python from Cybernaut Tech Trio, focusing on core syntax, data structures, and problem-solving techniques.
- Awarded 1st Place in a Biomedical Engineering poster presentation for demonstrating innovative technical solutions and effective communication skills.
- Successfully completed an AI training program conducted by IBM SkillsBuild, covering the fundamental concepts and applications of modern machine learning.
- Actively contributed to the community by participating in a blood donation campaign organized by Annai Teresa Blood Bank and Apheresis Centre.
